Now, Trading on the Edge lets you in on this evolution. Assembled and edited by Guido J. Deboeck, a pioneer in the introduction of new technologies and financial applications of neural nets at the World Bank, this book is the product of more than a dozen authors around the globe who, over the past several years, have used these advanced technologies for investment management.

Amazon.com: Trading on the Edge: Neural, Genetic, and ...

If the bars before today hint that I should buy, the neural net should return 1, otherwise 0. The most simple test for the quality of the output is a simple trading strategy. It buys if the neural net signals a buy (1) and closes the position after the number of expected positive days (as demanded by classification script) have passed.
